PROFESSIONAL SUMMARY

Independent Adjuster with a documentation-first approach to property claims. Thorough field inspections, Xactimate-compliant estimates, and organized file packages built to carrier standards and litigation review. Available for CAT deployments in Florida and Texas and daily claim assignments on an ongoing basis.

SERVICES OFFERED

- Field Inspections**
On-site property inspections with photo documentation & detailed scoping
- Xactimate Estimates**
Software-compliant estimates prepared to carrier and program standards
- Catastrophe Response**
Rapid deployment for named storm events — FL and TX
- Daily Claims**
Consistent non-CAT residential property claim handling
- File Documentation**
Complete packages: photos, measurements, diagrams, narratives
- Litigation Support**
Litigation-ready file packages for appraisal and legal review
- Reinspections**
Second-look inspections, supplement requests, open item resolution

WHO I WORK WITH

- IA Firms**
CAT and daily roster availability — FL & TX deployments
- Insurance Carriers**
Direct assignments and program claim handling
- Attorneys**
Litigation-support documentation, dispute files, appraisal panel
